

## Halogen Beacons

### Description of Halogen Beacons

1. The halogen beacons offer you a sound warning function. (a better effect in misty and rainy days in particular)
2. They can be used as warning when the vehicles are stopped on the expressway for a break or for an adjustment. They can warn the following cars of circumventing the cars in front so as to reduce accidents.

### Features of Halogen Beacons

1. Light source uses imported pulse xenon lamp.
2. Double cover made of Polyester material, waterproof and dustproof.
3. An external design of parabola shape, streamline appearance, a small resistance against wind.
4. Halogen beacon's cover is made of polyester material, which has a high hardness and a strong resistance against impact. After the cover is coated for protection, the cover's bright color will not fade away. The cover boasts a superior tightness.
5. Supporting bars are made of steel. The level of technology of the surface plating  $\geq 8$ , the ability of increasing and decreasing.
6. Rubber is transmitted by wheels, no untouchable points and no noise.
7. Optimize the design of optical path to better the warning effect.
8. We offer red halogen beacons, blue halogen beacons, and amber halogen beacons for your choice.
